February 23, 2010

Dragonfly Forest is a great place to learn and grow.

Dragonfly Forest Benefits From TCF's Help

TCF continues its support of the expanding camp program at Dragonfly Forest with \$1,500 in funding. The grant will provide children from the TCF Service Area who have a serious illness or disorder the opportunity to enjoy an overnight camp experience. Dragonfly Forest's focus is a safe environment equipped to meet a diverse set of physical, medical and psychological needs.

Dragonfly Forest enables children of all backgrounds and abilities to come together and celebrate nature, their childhoods and friendships through a variety of activities they will remember for years to come.

Visit www.taylorcommfdn.org to learn more about the organizations TCF supports.
